

PRODUCT INFORMATION

TOPBUXUS® BOXWOOD RESTORE & PROTECT MIX (aka 'Health-Mix') is a boxwood leaf fertilizer (8-0-10) that comes in a water-soluble concentrated tablet that delivers a professional grade blend of major and minor nutrients. It's the only fertilizer on the market made just for boxwood.

Features

Superior Nutrition Delivered

Scientifically developed and made just for boxwood. This 1 inch sized tablet with the formula (8-0-10) delivers a boost of nutrients! Made on a natural base, it contains nitrogen and potash to stimulate boxwood growth; and magnesium and sulfur to promote the absorption of micronutrients which keep the leaves green and healthy all season long.

Grow Healthier Boxwood

Be the envy of your neighborhood with green healthy boxwood beauties! Our fertilizer delivers the nutrients needed to promote growth, gorgeous green leaves, and naturally helps increase its resistance to diseases. Made for all boxwood varieties.

Eco & Pollinator Friendly Products

Our product is friendly to the environment, bees and all of our pollinator friends. We care about the environment and support healthy alternatives for boxwood care.

Coverage Area

1 tablet of this product covers 100 square feet of boxwood. *Helpful tip* – 1 tablet covers approximately (3) boxwood that are 3 ft high-round boxwood.
